Majd Al shanteer

From Civil engineer to web developer

About Me

My name is Majd,
I was a civil engineer trainee in Royal Scientific Society (RSS) , In the future i will be successful as a web developer at Orange Coding Academy, Essentially, my decision for a change in career stemmed from my curiosity in finding what I was passionate about, I think the passion, ambition, liking to learn more and more and diligence are enough to reach my goals in programming languages.
